I just received today some information on the LYGON/LIGON family from Arvil Hancock. I am writing him privately to ask a few more questions, but thought a public post may also be helpful. Information he sent includes a short history of the LYGONS in England and the emigration of Colonel Thomas LYGON to the US. He seems to be the only LYGON to come here and is likely to be the 'granddaddy of all us LIGONS' so to speak. There is also some data relating to a John Smith LIGON from Fairfield County, SC. I am greatly interested in learning all I can about this whole family. The John Smith LIGON is a brother to my Thomas Perry LIGON. This is the first information I have been able to learn about the ancestors of my Thomas Perry LIGON. So I am quite excited to put it mildly!

Does anyone know where this information (about the John Smith LIGON) came from? Perhaps I can fill in the missing three generations or so, if I can locate the source for this information. The Colonel Thomas LYGON arrived and settled in Henrico County, VA (which later became the counties of Chesterfield, Goochland and Prince Edward, I understand from Arvil.) My Thomas Perry LIGON and most of his siblings are from Fairfield County, SC.

PLEASE, anyone with more information that may tie into this LYGON/LIGON family, post public or private. I'm just dying to fill in these gaps and get connected to the Colonel Thomas LYGON!!!!!!

MANY, MANY, MANY THANKS!!!!!!
